

IMPACT REPORT

Company

CurTec designs, manufactures, and distributes plastic drums, bucket-containers, and jars with screw lids.

Sustainability

CurTec is dedicated to sustainability by offsetting business travel emissions and promoting eco-friendly transportation. Through carbon offset programs and logistics optimization, it aims to minimize its environmental impact.

CurTec's impact made so far with The Green Branch:

90,000 kg
CO2 reduction

70 mammals
species protected

~ 195 threatened
tree species protected

~ 2,291 m2
forest protected

Projects company is supporting:

Katingan Project REDD++

The project's goal is to protect and restore 149,800 hectares of peatland ecosystems, to offer local people sustainable sources of income, and to tackle global climate change – all based on a solid business model.

CurTec's contribution towards the Sustainable Development Goals:

In collaboration with  **The Green Branch**

We are empowering ecosystems.
